January 2010

Congratulations!

You are one of 392 Oregon schools to receive an overall rating of "Outstanding" on the eleventh annual Oregon School Report Card. In 1999, the Oregon Legislature passed the legislation calling for each school and district in the state to receive a report card. The first school and district report cards were issued in 2000.

I am proud to recognize and honor your school as one that effectively demonstrates what can be accomplished when we all work together to support continued success for each student. I am particularly thankful for all you continue to achieve in the face of extreme financial hardship. Your dedication is a never-ending source of inspiration to me.

Your achievements reflect the talent and commitment of your entire school community -- your teachers, counselors, librarians, school nurses, educational assistants, bus drivers, food service workers, secretaries, all other education professionals, students and families.

You perform the most essential work of our society; helping the next generation of young people to take their place confidently and competently as learners, workers, and citizens. You are on the front lines every day, helping to make the world a better place. Thank you for all that you do.

Sincerely,

Susan Castillo
Superintendent of Public Instruction
